

HOOVER WILL HEAD CONFERENCE

PRESIDENT NAMES HIM TO PRESIDE AT THE SESSIONS

**Names of 35 Men and Three Women Given
Out as Accepting Invitations to Take Part
in Unemployment Conference—Meetings
Are to Start in Washington Next Monday**

(By The Associated Press)
WASHINGTON, Sept. 19.—Announcement of the names of 35 men and three women who have accepted President Harding's invitation to take part in a national unemployment conference here beginning next Monday was made tonight by Secretary Hoover. Other names will be announced later, he said, when all the replies have been received.

Mr. Hoover has been appointed by the president, chairman of the conference, which it was said, would at once dissolve itself into special committees for the formulation of definite plans for submission to the conference as a whole. These committees, Mr. Hoover asserted, would doubt seek cooperation from other representatives of labor, employers and civic bodies in the formulation of their views.

SENATOR GLASS MAKES REPLY TO ADMIRAL SIMS

**He is Not Mistaken
in What the Admiral Said**

(By The Associated Press)
LYNCHBURG, Va., Sept. 19.—Commenting on the statement by Rear-Admiral S. Sims that he was mistaken when in a recent senate debate he quoted the naval officer as expressing opposition to development of a merchant marine by United States, Senator Carter Glass at his home here today reiterated his formal statement and said he recalled distinctly what Admiral Sims told him in their conversation.

"I may be that I was mistaken in what Admiral Sims meant to say," the Virginia senator said, "but I was not in the least mistaken in what he did say. I recall distinctly that when Admiral Sims declared as a final word on the subject, that the United States was traditionally opposed to a ship subsidy, I remarked to him, 'so have I been ever since reading Ben Butterworth's speech in congress forty years ago; but subsidy or no subsidy I do not believe the American people will ever again allow their country to be caught in the act of this war.'"

"To repeat," said Senator Glass, "Admiral Sims very likely was better than I what he intended to say, but I know perfectly well that he did say precisely what I incidentally stated he said when I recalled the incident in my senate remarks. Two of my congressional colleagues were present when the statement was made and the three of us discussed the amazing nature of it after leaving the office of Admiral Sims. However, I wish it to be understood that I did not present the matter in any controversial spirit in my brief remarks in the senate nor in any sense of implied criticism of Admiral Sims."

TAX REVISION BILL WILL BE PASSED SOON

**Expected to Reach
President Harding
in October**

(By The Associated Press)
WASHINGTON, Sept. 19.—The tax revision bill will be sent to the president by the latter part of October, Chairman Penrose predicted today in announcing that the senate finance committee had formally approved the house measure as amended. Neither the Smoot manufacturers' sales tax nor the Calder proposal imposing a tax of \$6.40 a gallon on all alcoholic liquors withdrawn from bond for other than manufacturing purposes will be included in the measure as it will be presented to the senate Wednesday. The authors have given notice, however, that they expect to present the amendments on the senate floor.

Senator Penrose said that so far as the business of the senate would permit it was the purpose to take the bill up immediately and press for final action. He added that some features particularly the profits tax repeal and the proposed reduction of the maximum income surtax rate to 32 per cent would be opposed from certain quarters but that there seemed to be a general desire to expedite passage.

"Under these circumstances," he continued, "there is reasonable expectation that the bill can be passed in the senate with two weeks' consideration and ought not require more than a week in conference if that long a time. It is entirely safe therefore for me to predict that the bill will be sent to the president during the latter part of October."

"It is extremely desirable to have the bill passed as soon as possible in order that treasury officials can have ample opportunity to promulgate rules and regulations under the new measure."

"I think the amendments to be presented to senate improve the bill which will produce the revenue required and contains many features ameliorating conditions now burdensome to the taxpayer."

While treasury experts have yet to complete their final estimate as to the total revenue that probably will be realized this fiscal year under the measure as amended, it was stated that the amount would not be less than \$2,000,000,000, the minimum which Secretary Mellon informed the committee would be necessary. For the next fiscal year it is estimated roughly that the return would be around \$2,700,000,000.

SPRINGFIELD, Ill., Sept. 19.—Charges that coercion was used by the state administration in obtaining affidavits from state employees supporting Gov. Small's petition for a change of venue from Sangamon county of the embezzlement case against him were made today by Isadore Levin, ousted secretary of the Illinois civil service commission. Levin, in continuing his attack on the Small administration, declared some employees, under threat of losing their jobs, signed affidavits that Gov. Small could not obtain a fair trial in this county.

MINERS GATHER AT INDIANAPOLIS FOR CONVENTION

**Wage Demands Promise to
be Leading Question
at Sessions**

(By The Associated Press)
INDIANAPOLIS, Ind., Sept. 19.—Discussion of wage scales were interspersed with gossip regarding internal affairs of the organization of delegates from the coal fields of the United States and Canada gathered here tonight for the opening of the biennial convention of the United Mine Workers of America. The convention starts tomorrow morning.

Nearly all the delegates reached Indianapolis today and began informal conversations regarding the wage demands which the miners of the bituminous and Anthracite fields will submit to the operators to replace the present agreement which expires next March.

Considerable interest was attached to the expression which John L. Lewis, president of the miners would make in regard to wage demands in his opening address tomorrow.

Mr. Lewis in the past has declared unalterable opposition to any wage reductions.

Arrival of Alexander Howat, president of the Kansas district of the miners' organization was expected to precipitate some discussion regarding Mr. Lewis' administration. Howat is credited by officials of the international union with being the leader of radicals who have called strikes in violation of agreements with the operators. Mr. Howat will be in Indianapolis tomorrow his friends say. Preparations for the opening of the convention were completed today by the international officers.

OGAR FACTORY BEGINS WORK

The Ogar cigar factory began work yesterday and expects to have its cigars on the market next week. The company has leased the building at the corner of West North and North West streets formerly occupied by the Kent-McCarthy factory. The company is comprised of ten men all expert cigar makers and for the present they will do the work themselves adding men as the business grows.

WILL HEAR PLEA OF RAILROAD ON EMPLOYEES RIGHTS

**Will Ask Labor Board
For Interpretation
of Rules**

(By The Associated Press)
CHICAGO, Sept. 19.—The Pennsylvania Railroad today was granted permission by the United States Railroad Labor Board to appear before it on Sept. 22 in support of its plea that the board's order that a new election of employees be held, should be annulled.

The board in the ruling gave the road permission to present evidence on three subjects, namely: one, as to what employees not in actual service of the carrier may vote in the election of the employees representative to conduct negotiations with the road over rules and working conditions; as to how the representative capacity of spokesmen of organized employees shall be ascertained; three, on the adoption or ratification of its shop craft rules by representatives of said crafts fairly elected by a majority of employees of that class.

The Pennsylvania's request of August 24 specifically asked four things: that the board vacate its decision of July 26, directing the Pennsylvania to confer with union officers and hold a new election for employee representatives to negotiate working rules; that the board find "insurance of the transportation act" that the carrier has the legal right to establish rules, either with or without conferring with its employees; that the board ratify agreements already made between the Pennsylvania and its employees and that an oral hearing be granted to offer testimony in support of assertions made in the road's petition.

In granting the last point the board decided to confine the hearing to the three questions above. The first question was raised by the desire of the unions to allow men laid off, furloughed or on leave of absence to vote in the representatives election. The Pennsylvania has maintained that only men in the active employ of the company should vote. The second point covers the class of unorganized employees which the unions claim to represent and which the board in a recent decision should be represented by any employee holding the signed authorization of 100 employees to act for them.

The third point will give the Pennsylvania opportunity to support their contention that present rules, negotiated by employee representatives selected at a general election are now in effect and working satisfactory.

ANOTHER MESSAGE SENT BY DEVALERA TO LLOYD GEORGE

Sinn Fein Had No Thought of Asking Acceptance of Conditions Precedent to Conference—London Papers Comment on Danger of Open Diplomacy—Text of Message

(By The Associated Press)
LONDON, Sept. 19.—Eamonn DeValera, the Irish Republican leader, after a meeting of his cabinet today, sent another telegram to Premier Lloyd George in which, declaring that the Sinn Fein had no thought at any time of asking for the acceptance of any conditions precedent to a conference, he requests the premier to say whether his letter of Sept. 7 was intended to be a demand for surrender or an invitation to a conference "free on both sides and without prejudice should an agreement not be reached."

In the latter case Mr. DeValera states that he would confirm the Sinn Fein acceptance of the invitation and the Irish delegates would meet the representatives of the government. Mr. DeValera also suggests the conclusion of a treaty of accommodation and association, expressing the belief that this would end the dispute forever and enable the two nations to settle down in peace.

The nature of the message from Mr. DeValera necessitates a further exchange of telegrams unless some sort of ultimatum is forthcoming.

Danger of Open Diplomacy.

Many of the London papers have commented on the danger of the open diplomacy involved in this public exchange of messages, which they point out makes it exceedingly difficult for either side to recede from the position adopted.

Papers friendly to the Irish cause, like the Westminster Gazette and the Manchester Guardian, admit that the premier's last invitation to Mr. DeValera as the "chosen spokesman" of his people was a very fair offer which Mr. DeValera would be wise to accept without more ado. They also advise Mr. DeValera to "forego the dangerous pleasure of waving the flag of the Irish republic so persistently in the face of the premier."

Some surprise is expressed here that Mr. DeValera omits to call a full meeting of the Dail Eireann with the possibility that this body might authorize some brief form of letter accepting the premier's invitation without attaching conditions which the government has declared it is impossible for him to accept.

The text of Mr. DeValera's telegram follows:

"Sir:

"We have had no thought, at any time of asking you to accept any conditions precedent to a conference. We would have thought it is as unreasonable to expect you, as a preliminary to recognize the Irish republic formally or informally, as that you should expect us formally or informally, to surrender our national position. It is precisely because neither side accepts the position of the other that there is a dispute at all and that a conference is necessary to search for and discuss such adjustments as might compose it."

"A treaty of accommodation and association properly concluded between the people of these two islands and between Ireland and the group of states in the British commonwealth, would enable the two nations to settle down in peace, each pursuing its own individual development and contributing its own quota to civilization, but working together in free and friendly cooperation in affairs of agreed common concern."

"To negotiate such a treaty the respective representatives of the two nations must meet but if you seek to impose preliminary conditions which we must regard as involving the surrender of our whole position they cannot meet. Your last telegram makes it clear that misunderstandings are more likely to increase than diminish and the cause of peace is more likely to be retarded than advanced by the continuance of the present correspondence."

"We request you, therefore, to state whether your letter of Sept. 7 is intended to be a demand for surrender on our part or an invitation to a conference free on both sides and without prejudice should an agreement not be reached."

"If the latter, we readily confirm our acceptance of the invitation and our appointed delegates will meet your government representatives at any time in the immediate future that your designate."

"I am, faithfully yours, Sir,
"DEVALERA."

SEX PSYCHOLOGY FRAUGHT WITH GRAVE PERILS

**Is Belief of the Rev.
John M. Cooper of
Washington**

(By The Associated Press)
MILWAUKEE, Wis., Sept. 19.—That much of the literature of sex education is not for general reading was the assertion of Rev. John M. Cooper, D. D., Catholic University, Washington, D. C., who addressed the National conference of Catholic Charities here this afternoon.

While sex psychology and sex education owe a heavy debt to the Freudian school, superficial dabbling in the Freudian literature is fraught with grave perils and much if not most of the Freudian literature, technical or popular, is emphatically not for general reading."

He said that many modern movies pose as educational but are merely sex information commercialized. Sex education, he believes, should be proportionate to the age of the child.

"Flowers, birds and pets offer a better medium of instruction. Flowers appeal to the aesthetic in the child. In birds the sensuous is less obvious while paternal and maternal care, love and sacrifice are to be seen."

Mr. Richard Ford presided at the meeting at which Miss A. Madonah Donahue interdepartmental hygiene board, Little Rock, Ark., spoke on recreation and social hygiene.

HI Y CLUB MET MONDAY NIGHT

The Hi Y club met last night for a general get together meeting and a large attendance of old members was present. After the usual opening the meeting was turned over to a discussion of plans for the coming year and to the promotion of the Meet Your Friend Campaign.

The course of study for the coming year was then discussed and it was unanimously decided that a literal study of the Bible was desired. The boys are very much in earnest this year and the club is on the road to the most successful year of its existence here.

At the next meeting the text books will be chosen and more details of the campaign planned. This next meeting is planned for some time next week and this meeting will be open for all high school boys and will really be the first general meeting of the organization for this year.

WOODSON STORE ROBBED

The general store owned by J. H. Shirley was robbed late Sunday night and merchandise up to the value of \$300 was taken. The thieves gained admittance by breaking the lock on the door. They did not molest any of the stock that they did not want and it is believed that it is the same gang that robbed the hardware store of Coultas and Haxter.

On what an insecure foundation the German government is resting may be seen from the fact that since the republic was formed there have been, 316 assassinations of republicans, with only five of the guilty convicted and none hanged. A government that is so weak in the enforcement of its laws cannot long endure.

MR. JEWEL'S ADVICE.

Mr. Jewel has advised the railroad shippers not to carry into effect the strike that they recently voted. He tells the men that this action would be just what the railroads want and would give the managers the excuse for an open shop program.

The public is not concerned so much with Mr. Jewel's motive as

with the result of his advice. The public does have a definite interest in any strike situation for the "bill must be paid and the public does the paying."

Somewhat the charges of Mr. Levin against the governor with reference to the civil service law would have more weight if they revealed less of the vindictive spirit.

UNITE ON ONE PROJECT.

In Chicago it is fine to know that they are at least united on one big project. The leaders of all factions there are favoring the improvement plans for which bonds were approved at an election held some months ago. It is conceded by the various Chicago leaders that the extent of unemployment will be such this winter that the situation cannot be met thru charity organizations, so they agreed to push thru a public work program of as great an extent as possible, believing that thru employment is the solution of the problem of providing food and raiment for many thousands of Chicago workers.

A Detroit gambler who had been following his "trade" for over fifty years cut his throat Sunday after he had left it to the cards whether he should live or die. For every professional gambler the end of the life journey is always a tragedy and all too often suicide is the route chosen. Yet you cannot convince

the gambler of youthful years that the alluring way leads to an unhappy end.

NEITHER FAISTAFF NOR COMEDIAN.

(The Springfield Journal.)

Since his imprisonment, Arbuckle has been frequently referred to as the "Faistaff of the movies." He has also been called a comedian. The man is neither.

Faistaff was a philosopher, much esteemed in his day and liberally quoted by succeeding generations. He clothed his philosophy in words and accompanied them by action which tickled the risibilities. Well cast, he is a comical character on the stage, but Faistaff and Arbuckle are as far apart as the poles. Faistaff spoke wit and humor. He was master of satire, sarcasm and irony, even tho he played the part of an intoxicated fool.

Arbuckle has never said a funny thing. He is as witless as a dried herring. He has had to depend upon action and his action has been of a very vulgar type. He inherited none of his stage business from Faistaff. Faistaff did not throw custard pies or shove them in the face. He did not turn summersaults in a grocery store and land in a pool of molasses. He did not skid along an asphalt pavement upon that portion of the anatomy formed for more sedate habits nor did he ever permit a beer wagon or a Ford to run over his recumbent frame.

In Faistaff's time the idea of humor and wit seems to have been different from ours. Faistaff could get very merry over

the tankard, but it is not of record that he ever grew assuative.

Faistaff probably has turned in his grave many times as he heard the fat California boob compared with him.

And let's not humiliate the American humorists, wits and comedians by comparing him with them. He is funny for the sole reason that a monkey in the zoo scratching himself and searching for parasitic life is amusing.

FUNERAL OF ARTHUR JONES HELD AT WHITE HALL.

White Hall, Sept. 19.—Funeral services over the remains of Arthur Jones were held in the Christian church at 2:30 p. m. today, the discourse being delivered by the pastor, Rev. Charles Ross, and the remains were interred in the Jones cemetery, east of the city. Mr. Jones died at 2:15 a. m. Saturday. He was taken ill on the day of the funeral of his sister, Miss Dolphina, whose death occurred on the 29th ult., which was the 39th anniversary of our subject.

His illness developed typhoid fever a week before his death, and his condition became dangerous last Friday evening when he was attacked with hemorrhages. Both he and the deceased sister resided with their aged mother, Mrs. Mary Jones, on East Lincoln street, and she is now left alone at home. The family has always lived here and in the vicinity. The surviving brothers and sisters are Lewis Jones, White Hall; James Jones, Pelham, Ga.; Charles, White Hall; Mrs. Ed Griffin, Pekin; Mrs. Marshall Jones, Peoria; Mrs. James Young, Roodhouse.

DEATHS

Hagerstrom.

Wilbur Hagerstrom, only son of August and Sena Hagerstrom, at his home in Beardstown Saturday afternoon. He leaves to mourn his parents, wife and son, Maurice.

Funeral will be held at the residence of Mrs. Sena Hagerstrom at 2:30 o'clock this afternoon.

The decedent was a member of the M. E. church and of the B. P. O. Elks.

ASSOCIATED PRESS CLUB TO MEET HERE

Invitation of Jacksonville For 1922 Accepted—W. H. DeShara Elected President.

The Associated Press Good Fellowship club of the Illinois-Iowa branch held the 11th annual meeting at Bloomington Sunday. There was a large representation of the membership present and the meeting was accounted one of the most successful in the history of the organization. The members met at 10 o'clock in the rooms of the Association of Commerce and the call to order was given by President Voight. On behalf of the Association of Commerce J. H. Hudson extended words of welcome.

Some matters of routine business were discussed, the most important matter considered being the pro rata system which was adopted at Peoria two years ago. After a full discussion at the Bloomington meeting the former action was rescinded.

The general subject of co-operation and the success of the service were considered in a round table discussion, practically every person present taking part.

Walter H. DeShara of Jacksonville was unanimously elected president for the ensuing year. The other officers are:

G. S. Hubbard, Rock Island, vice-president; L. C. Dille, Peoria secretary; and James W. Barbee, of Peoria, treasurer.

The following board of directors was elected: Frank L. McGrew of telegraph editors, Peoria Journal, Peoria, Ill.; J. N. Swift, Bloomington, American Telephone and Telegraph company; Herbert L. Dunn, the Associated Press, Chicago, and T. J. Bucher, Associated Press, Springfield.

The 1922 meeting will be held in this city. The invitation of Jacksonville was accepted after Mr. DeShara had read the letters from the Chamber of Commerce and from Mayor Crabtree expressing the hope that the next meeting would be held here.

Peoria also extended an invitation for the convention but the vote was strongly in favor of Jacksonville.

After the business session adjournment was taken to the country club where an excellent dinner was served. During the dinner the Goforth orchestra played. The Association of Commerce glee club sang several numbers and Miss Esther Lisle sang a solo.

After the dinner came the program of toasts. Mr. Hudson proving a most able toastmaster. The first speaker was H. W. Burch of Bloomington, who had for his theme, "A Nickle's Worth." Edgar T. Cutter, division superintendent of the Associated Press, then made a remarkably able address on "Co-operation." Other speakers who had real messages to deliver were Herbert L. Dunn, division traffic chief of the Associated Press, Milton Gargen of New York, traffic chief and Senator F. O. Hanson.

FIRST CHAPEL EXERCISE AT WOMAN'S COLLEGE

The first chapel exercise of the Illinois Woman's college will be held Wednesday morning at nine o'clock. All indications point to a record attendance at the college this year. At this first chapel service a special musical program will be given. Miss Louise Miller will sing and Miss Horsbrough will give a violin number with Miss Olga Sapio as accompanist. Then will follow a piano number by Miss Florence Kirby. President Harker will conduct the devotional service and make a brief address. Friends of the college are cordially invited to be present.

HIGH SCHOOL ORCHESTRA MEETS

The first rehearsal of the High school orchestra was held Monday noon in the music room of the new building. There were about twenty-five or thirty students who reported for work and from present appearances a fine orchestra will be formed this year. Miss Lena Hopper is the director of the organization and rehearsals will be held every Monday at the noon hour.

KILLAM FAMILY TO HOLD ANNUAL REUNION

This Decision Reached at Gathering Held Sunday at Old Family Homestead.

A reunion of the descendants of the late Samuel Killam was held Sunday at the old home on the Mound. This farm home is now owned by Leland Gibbs and his sister Carrie, their mother having been a daughter of Mr. Killam. The land was entered in 1829 when Mr. Killam came to America. Naturally the old farm has come to have a definite place in the affections of the descendants. The members of the family came from various localities or the reunion Sunday and brought well filled baskets with them.

At the noon time a splendid dinner was served and afterward the hours were spent in recalling happy memories of other years. The children, grandchildren and great grandchildren all had their part in this pleasant family hour. A number of group pictures were taken and the interest in the day was so keen that it was decided to have a reunion each year. Officers were then elected, including president, John Samuel Hounsley, Carlville, and Samuel Philip Cleary, secretary.

There were 67 persons present and everyone went home feeling greatly indebted to Mr. Gibbs and his sister for the welcome extended them to the old home.

Among those present were: Mrs. Mary Cleary and family, Mrs. Ellen Killam (wife of John W. Killam, deceased) and family, Mrs. Anna Killam Hounsley and family, Carlville; the children of Mrs. Margaret Gibbs, deceased; Mrs. Frances Killam Chumley of Winchester; children of Alfred Killam, deceased, of Carlville; Mr. and Mrs. Gilbert Goodall of Kansas, who mother was the oldest daughter of Samuel Killam; George S. Killam and wife; Mrs. Anna Killam Ransom; Mr. and Mrs. Denby Killam, and Mrs. J. R. Ducksels, a guest from Carlville.

NOTICE U. S. PICTURES Today at Opera House from 2 to 4, 4 to 6, 7 to 9, 9 to 11 for benefit of school children.

COULDN'T SHUT OFF THE WHISTLE

White Hall, Sept. 19.—A locomotive whistle became opened under such circumstances Sunday evening as to throw the people of a wide radius along the C. & A. between Berdan and Roodhouse into a high state of excitement. It was found impossible to shut off the whistle of the evening passenger train from St. Louis after leaving Berdan, and telephone calls of inquiry came to White Hall from every direction as to the cause of the whistle alarm. The blast continued uninterruptedly until the train had made its regular run into Roodhouse.

At White Hall automobiles and people went scurrying in all directions in a hunt for a supposed fire. The train passed White Hall at 9:30 p. m., one hour late. This is the first instance heretofore of a passenger train whistle becoming stuck as the train sped thru the country spreading alarm.

COMPANY IN HONOR OF MISS ANNA WEBER

Mrs. Edward Young gave a very delightful company yesterday afternoon at her home on South Main street in honor of Miss Anna Weber, who is to be a bride of the fall season. The affair was a handkerchief shower and the guest of honor received some very pretty handkerchiefs. During the afternoon the hostess passed dainty refreshments.

The guest list included Mrs. Herman Weber, Miss Dorothy Weber, Mrs. Carl Hackett, Mrs.

Otto Burhman, Mrs. Earl Epler, Mrs. Elbert Lair, Mrs. James McGinnis, Mrs. Will Heint, Mrs. Sidney Jones, Mrs. Harvey Devore, Mrs. Ed Reynolds and Misses Barr.

Miss Weber was also the guest of honor at a dinner given Sunday evening by her sister, Miss Dorothy Weber. Covers were laid for eight.

Mr. and Mrs. Frank Green of Strawn's Crossing were guests of Mr. and Mrs. William Davies at Durbin Sunday.

Beyond Price

The Story of a Neglected Wife and Her Three Big Wishes

Pearl White wishes to be the wife of a millionaire; she wishes to be a famous woman; she wishes to have baby arms around her neck. And in the play all her wishes are granted.

And it all comes to pass because she has been neglected by her husband, who gives all his thoughts to business.

"Beyond Price," a comedy feature with a serious vein, is a story in which something is happening every minute.

Buy An Extra Pair of TROUSERS

WITH YOUR NEXT SUIT

—Buying an extra pair of trousers when ordering a suit is the biggest economy that a man can practice today.

—It is true that prices are considerably lower than last year, and also true that they are as low as they possibly can be this year. But a big saving can be effected by the economically minded.

—You buy a business suit, no matter how choice the material or how well tailored, and invariably the trousers are gone before the coat begins to show any real signs of wear, and you want wear the coat with any old trousers, so discarded it goes—money lost.

—The extra trousers when you are ordering a suit cost but little more and really double the life of your suit, actually postponing the purchase of a new outfit.

—Our new weaves are in for fall suits and overcoats, ready for your inspection

—Prices are very low.

Look to the Details

It is said that attention to the little details of one's appearance gives a woman the reputation of being well dressed.

But have you ever noticed that the woman you think of as well dressed is painstaking in the extreme when it comes to her figure?

She knows that gracefulness—poise—charming carriage and an attractive figure are the first requisite of being well dressed. Their attainment lies in scientific corsetry.

In the present showing of

MODART CORSETS Front Laced

for Fall you will find specialized models for different types of figures, so that, regardless of stature, a graceful figure and a fashionable silhouette may be yours.

The corset—the very foundation of style itself—should be chosen before selecting the dress or suit, that the complete ensemble may most nearly approach the ideal.

Let our corsetiere properly fit you with the model best suited to your requirements and preference. Do so while our Modart stock is complete.

Our corset department has been removed to the second floor and remodelled, to give every comfort and attention possible to our customers.

WINCHESTER CLUB IN FIRST MEETING OF YEAR
General Assembly of Woman's Club Met at Gibbs Home Monday Afternoon—Other Winchester News of Interest.
Winchester, Sept. 19.—The first meeting of the year of the general assembly of the Woman's Club was held at the pleasant home of Mrs. W. D. Gibbs, at 3 o'clock Monday afternoon. First there was a brief business session, and this was followed by a fine program. The opening number was a piano solo, "William Tell," by Mrs. J. W. Eckman, which was greatly enjoyed.
Next came a brief address by the president, Mrs. D. D. Watt. A group of songs by Mrs. W. R. Johnson, with Mrs. J. W. Eckman as accompanist, included "The Waters of Moncton," by Leuraunce and "Little Brown Baby," by Bassett. A splendid address was made by Vincent R. Riley, president of the Jacksonville Rotary club and this was heard with great interest by the large company present.
The closing numbers on the program were two vocal solos, "A Banjo Song," by Homer, and "Pale Moon," by Logan, given in fine manner by Mrs. Guy Husted with Mrs. Eckman as accompanist.
A social hour followed and at this time the hostess served punch. Forty-four new members were voted into this department of the club.

News Notes

Mr. and Mrs. P. L. Jones arrived Saturday night from Roodhouse to spend Sunday with her father, J. W. Kellen. Mrs. Jones remained for a longer visit.
Thomas Collins who underwent a serious surgical operation in Springfield several weeks ago and later returned to his home here, was taken back to the Springfield hospital Sunday as his condition was not satisfactory.
Mrs. Sarah Thomas is confined to her home by illness.
Mrs. H. C. Scullion of Casper, Wyo., and Mrs. O. E. Carter of Havana arrived Sunday to visit relatives here. The visitors were formerly Misses Dornes and Portia Coultas of Winchester.
Mr. and Mrs. Wesley Taylor of Virden were business visitors here Monday.

SUNDAY AT BETHEL A. M. E. CHURCH
Sunday was a day long to be remembered in the annals of Bethel A. M. E. church. As already stated, Presiding Elder Brown was on hand and he has in his gifted and faithful wife a lieutenant of great value in the work. The lady is a fine vocalist and during the day favored the people with a number of solos, giving great satisfaction.
At the morning hour the time was wholly given to old fashioned Methodist love feast, which was greatly enjoyed by all present and the number was large. It was led by Presiding Elder Brown and wife.
In afternoon, Rev. Mr. Boone, pastor of McCabe Methodist Episcopal church, preached the communion sermon and the Lord's Supper was celebrated with great solemnity.
In the evening the presiding elder delivered a powerful sermon to a good sized audience and again the Lord's Supper was celebrated for the benefit of all who were not present during the afternoon.

A LONG TIME SERVICE
Dr. J. R. Harker was busy yesterday enrolling students in the Woman's College, and remarked that it was the 38th year he had done that duty—nine years as principal of Whipple academy and 29 years as head of the Woman's College and he wondered if any other person in the city had such a record.
As the writer remembers, Dr. J. M. Sturtevant was president of the Illinois college 32 years, so that probably Dr. Harker stands at the head in number of years in that line of service. Few persons in the country can equal such a record and none can point to a greater success than he has accomplished.

Watch for OGAR
Mr. and Mrs. J. B. Campbell have returned to Springfield after spending the week end with Mr. Campbell's sister, Mrs. Irvin Biggs, of South East street.
H. C. Hildreth and family and Edward Schwarz of Collinsville drove to Jacksonville Saturday afternoon and were guests at the home of Mr. and Mrs. M. L. Hildreth on Hardin avenue. Sunday noon they were entertained at the home of Mr. Hildreth's sister, Mrs. Roy Lawson, southwest of the city. They returned home late Sunday afternoon.

WINCHESTER CLUB IN FIRST MEETING OF YEAR
General Assembly of Woman's Club Met at Gibbs Home Monday Afternoon—Other Winchester News of Interest.
Winchester, Sept. 19.—The first meeting of the year of the general assembly of the Woman's Club was held at the pleasant home of Mrs. W. D. Gibbs, at 3 o'clock Monday afternoon. First there was a brief business session, and this was followed by a fine program. The opening number was a piano solo, "William Tell," by Mrs. J. W. Eckman, which was greatly enjoyed.
Next came a brief address by the president, Mrs. D. D. Watt. A group of songs by Mrs. W. R. Johnson, with Mrs. J. W. Eckman as accompanist, included "The Waters of Moncton," by Leuraunce and "Little Brown Baby," by Bassett. A splendid address was made by Vincent R. Riley, president of the Jacksonville Rotary club and this was heard with great interest by the large company present.
The closing numbers on the program were two vocal solos, "A Banjo Song," by Homer, and "Pale Moon," by Logan, given in fine manner by Mrs. Guy Husted with Mrs. Eckman as accompanist.
A social hour followed and at this time the hostess served punch. Forty-four new members were voted into this department of the club.

News Notes
Edward Collier and wife arrived Saturday night from Arkansas to visit the latter's mother, Mrs. Shillinger, at the home of John Shillinger and family.
Dr. William Wainwright and family of Jacksonville spent Saturday and Sunday here with relatives.
Mrs. Herman Ysperg and infant daughter arrived Saturday night from Saginaw, Mich., to visit at the home of the former's parents, Mr. and Mrs. P. R. Nelson. Mrs. Ysperg's father and brothers met her in Jacksonville.

CORN THAT IS CHINCH BUG PROOF
A soy bean plant and several ears of corn raised by William Miller on the farm of Mr. and Mrs. J. Marshall Miller in Scott county are on view in the Journal office window. The bean plant is especially heavy with pods and is one of average growth taken from a field of 60 acres. The beans were planted at the same time with the corn, a special attachment being made to the planter for the purpose.
The corn is now being cut, so that the land can be planted with wheat. While only a part of the beans will be saved, Mr. Miller believes that an immense amount of fertility is thus being given to the soil. The corn is of the white Democrat variety and is termed "a chinch bug resisting corn."
In southern Illinois where the chinch bugs have done an immense amount of damage in recent years this breed of corn was developed as it was found that chinch bugs would do the plants very little damage. It has also been found that fields where soy beans were growing with the corn that chinch bugs seldom make inroads.
It is not claimed that the white Democrat variety will absolutely exclude chinch bugs, but that its use will very greatly lessen the damage from the bugs.

CONFESSES TO HAVING PLANTED OVER 60 BOMBS

Police Say One of Five
Bombers Makes Such
Confession

CHICAGO, Sept. 19.—A confession that he had planted and exploded more than sixty bombs during the past year was obtained according to the police from William G. Smith, one of five men arrested today in the act of bombing the shoe repair shop of David Kremen.

Fourteen hundred sticks of dynamite, three inches in diameter and ten inches long and 100 sticks of T. N. T., said by Chief of Detective Hughes to be sufficient to blow up much of the city of Chicago, were seized by the police following the capture of the men. The bombing today was said to have been the result of rivalry between the International Brotherhood of Shoe Repairmen and the United Shoe Repairmen. Kremen is a member of the former organization. Police had received a tip that Kremen's place was to be bombed and had surrounded it.

The five men approached the shop, one of them carrying a bomb. The police surrounded them and ordered them to surrender. Instead Richard Burke the man carrying the bomb hurled it and the explosion tore the front from the shop, hurled Kremen and his family from their beds and broke windows for blocks around.

In an attempt to escape Burke was shot in the side. His companions surrendered. They are Smith, Michael Bench, John Barry and Charles Young.

Burke is said to have told the police that he supplied bombs for several labor unions and also the men to throw them. Police say he made a detailed statement of bomb outrages undertaken for the shoe repairmen's and janitor's union. In his alleged confession Smith said he met Burke in August and was hired to aid him in bombing and window smashing. His salary was set at \$50 a week, but he had not been able to collect it, he said.

In the alleged confession, Smith also declared Burke had conducted negotiations with a man named Levinson, whom he knew as an official of the United Shoe Repair Association of Illinois. Police later raided the offices of the association of which Leo Levinson is treasurer and seized books and records of the association for examination. None of the officers of the association was present at the time of the raid.

DEMOCRATS NAME BOARD CANDIDATES

Robert Hamilton Is Selected As
Party Candidate—Ran Close
Race With August Brockhouse.

At the Morgan county democratic convention held Monday afternoon at 1:30 o'clock at the court house, Robert Hamilton, of Arnold neighborhood, was nominated for member of the county board. Mr. Hamilton had a vote of 89 on the 4th ballot, with August Brockhouse as his competitor and a vote of 71. Thomas Langdon of Murrayville, and Hugh Chaney of this city, were also placed in nomination. Mr. Langdon withdrew after the third ballot and Mr. Chaney was not in the running after the second. There were 144 delegates in the convention with 83 necessary for a choice.

John W. Clary was chairman of the meeting and William Zahn secretary. Mr. Hamilton was nominated by A. D. Arnold and Mr. Brockhouse by Squire McKinney. Mr. Hamilton briefly expressed his appreciation and said that if elected he would give his best thought to the office.

MERCHANTS HELD CONFERENCE MONDAY

Trade Extension Plan Considered
—May Have Co-Operative Bargain Day.

About 35 merchants met at the chamber of commerce headquarters Monday morning to consider plans for trade development. Lloyd S. Ried presided over the meeting in which practically every one present took part. It was decided to carry out a co-operative advertising plan beginning with one or two special bargain days.

The purpose is to have each merchant who is taking part in the campaign name a very low price on one article for the one or two special days. It is not the plan to limit those who take part in this project to chamber of commerce members, but any merchant may participate. Not all the details were worked out and another meeting will be held at any early date.

A number of merchants who have considered the plan about its possibilities. A similar plan tried elsewhere has brought good result.

GRACE SUNDAY SCHOOL OFFICERS HOLD MEETING

The Sunday school officers of the Grace M. E. church held a meeting of all of the teachers and officers last evening. This was the first meeting of the new conference year and its general purpose was to plan for the work of the young people.

After the Sunday school meeting the Sunday school board convened and planned the yearly budget and made preparations for the Every Member canvas.

TUBERCULOSIS BOARD RE-ORGANIZED MONDAY

Government Representatives Here
to Inspect Sanatorium—Will
Send Patients as Soon as
County Is Ready to Receive
Them.

The Morgan county commissioners have appointed A. A. Curry as a member of the Morgan county tuberculosis board to fill the vacancy caused by the resignation of William Batz. The commissioners also received the resignation of Dr. H. C. Woltman and named as his successor Dr. T. J. Hardesty. It was stated when Dr. Woltman was appointed that it was a temporary matter, the expectation being that he would serve for a few months only. Subsequently the trustees met and organized by the election of Mr. Curry president, Dr. Hardesty secretary, and Mr. Turnbull as treasurer.

It is understood that the trustees have a plan in view whereby it will be possible to open at least a part of the sanatorium and use it for the intended purpose. This will be done in the course of the next three or four months if present plans carry.

A representative of the government was in the city yesterday and with the trustees while the sanatorium. While no definite offer was made it was made clear that the government would take over the sanatorium if the board so desired. However, this is not the plan of the trustees and instead the sanatorium will be opened just as soon as possible. The government is ready to utilize any surplus facilities that are available and can send patients here for care just as soon as the Sanatorium management is ready to receive them.

AUTO ACCIDENT ON STATE ROAD

A gentleman traveling east on the Springfield road Sunday saw a large auto carryall loaded with a good many colored people in a bad smashup 7 or 8 miles east of the city. It seemed as if the chauffeur had traveled too fast down a hill which caused a front wheel to collapse, upsetting the car, smashing the top and scattering the occupants in every direction. The gentleman said he was unable to ascertain how badly any were hurt but a number seemed to have received injuries more or less severe.

Eventually another similar vehicle bore down on the scene and took the disabled car in tow and started eastward, evidently bound for Springfield.

TAKES CLASS TO VETERINARY HOSPITAL

Mr. Loomis, instructor in Agriculture at the high school, took a class of eleven boys down to Dr. S. J. Carter's Veterinary hospital yesterday where they witnessed an operation on a horse.

It was a radical operation for fistula. The horse was given both a local and internal anesthetic and a very skillful operation was performed by Dr. Carter. It was very instructive to the class but was no place for a tender hearted person. The fistula, when removed, weighed three pounds and six ounces.

Mrs. J. D. Smith and daughter Ruth of New Berlin were in Jacksonville yesterday, having just returned from Fulton, Mo., where Miss Betty Smith enrolled as a student at the Young Ladies Seminary located there.

During the week ended August 27th there were 13,273 more freight cars loaded with revenue freight than in the preceding week. This is but one sign of the picking up of business and the steady reduction of unemployment.

Much Suffering Caused by Waste Products in the Blood

What Science Knows About the Matter and How It Is Best Treated.

The blood is more important than any of the organs. It is thru the blood that the whole human body is directly or indirectly nourished. The blood gets its nourishment from the intestines. The intestines also contain waste products—undigested foods, acids, gases and refuse, which sometimes get in the blood.

When waste products get in the blood, nature will strive to cast them out. If your resistance is strong enough, nature will probably succeed. But if you are "below par," weak, run-down, and nervous, nature will begin to show signs of distress.

As a result, you will have that feeling of fatigue. You will lack the energy you need for the day's duties and pleasure. Minor ailments will begin to affect you—pimples, blackheads, and boils.

If the waste products are not gotten out of the blood at this point, it is possible a more serious skin eruption or disease will begin

to show itself. It is not infrequent for waste products to settle in the muscles and joints and cause rheumatism.

Listen to nature's warning. Your blood is your fountain source of energy—therefore keep your blood rich and pure.

For over 50 years, thousands and thousands of men and women have relied on S. S. S. to clear their blood of waste products. S. S. S. will improve the quality of your blood by relieving you of the waste products which cause impoverished blood and its allied troubles—skin disorders, rheumatism and a lowered vitality.

Get S. S. S. at your druggist. Beware of substitutes. Write Chief Medical Director, Swift Specific Co., D-720 S. S. S. Laboratory, Atlanta, Ga. for special medical advice (without charge). He is helping people every day to regain their health and strength. Ask him to send you his booklet, "Facts About the Blood"—free. S. S. S. is sold by all drug stores.

OFFICIALS RETURN FROM CONVENTION

Cloverleaf Men Home From Meeting at Alton—Had Enthusiastic Gathering.

C. A. Goodale and W. C. Bradish, Cloverleaf officers and Fay G. Smith, agency supervisor of the life department of the company, returned Sunday from Alton where they attended three days meeting of leading agents of the company in Illinois and Missouri.

Until this year the company has had a general meeting of all of the agents of the company in Detroit, Mich. However, the business has expanded so rapidly that it now extends into nearly every state in the union. This year the company adopted the plan of dividing the various states into groups of two and three and holding the meeting of the agents of the group at some central point. Alton was chosen as the meeting place for Illinois and Missouri this year because of the fact that Gilbert H. Lane who has been an officer and director of the company since its organization is a resident of that city. Mr. and Mrs. Lane live at the Illini hotel and the sessions were held there and their gracious hospitality had much to do with the success of the meeting.

In addition to the regular business session at which the agents talked "shop" and exchanged ideas that will prove of much value in future work, there was an excursion trip on the Mississippi and other social features which were much enjoyed.

When You Buy A PIANO

—You are buying more than mere merchandise. You are buying something that becomes a part of your daily life.

—It represents comfort, pleasure, satisfaction.

—It is something to enjoy, to admire and to be admired by your friends. Its style must be pleasing and its tone and quality must be fine and lasting. These are more important considerations than mere price. It's poor economy to allow price alone to influence the purchase of a piano as an instrument is something you keep for years and years.

—This store offers you everything in quality together with prices you are bound to consider in quality together with prices you are bound to consider absolutely fair, and reasonable terms if desired—the world's standard makes an fully guaranteed.

Miss Birdsell
Hostess and Friends

Miss Ophelia Birdsell celebrated her thirtieth birthday by entertaining about thirty of her friends at a party yesterday evening from 5 to 7:30 o'clock.

During the pleasant hours the guests enjoyed many games and contests. Alma Crum and James Martin won first prizes and Mercer Hopper and Dorothy York won second prizes.

The hostess served dainty refreshments during the afternoon and was the recipient of many lovely presents from her friends.

Birthday Gathering.

A pleasant dinner party was given at the home of Mr. and Mrs. Lloyd Flinn, three miles south of Prentice, Sunday in honor of Lloyd Flinn and his father, George Flinn's birthday.

At noon a sumptuous chicken dinner was served, prepared by Mrs. Lloyd Flinn, Mrs. George Flinn, Mrs. Harrison Robinson and Alice Flinn. Pink and white were the predominating colors through the house. The day was spent in games and conversation.

Those present were Mr. and Mrs. Jim Stout, Mr. and Mrs. George Stout, Mr. and Mrs. George Flinn, Miss June Flinn, Sam Farmer and Miss Colette Brown, all of Jacksonville; Mr. and Mrs. Harrison Carson and Sadie Martin of Springfield; Mr. and Mrs. Charles Buracker and Mrs. Reuben Corson of Ashland; Mr. and Mrs. Harrison Robinson and family, Mr. and Mrs. Carol Robinson and sons, Oakley and John Harrison, Mrs. John Eller and daughter, Alice Catherine; Miss Aletha Flinn, Miss Salyanna Flinn, Miss Alice Flinn, Master John Wright Flinn. All departed at a late hour of the evening wishing the Messrs. Flinn many more birthdays.

MUSICAL ADVANTAGES AT ILLINOIS WOMAN'S COLLEGE

WAR PICTURES BIG SUCCESS

Large Audience Sees Presentation at Grand Monday Evening Four Shows to Be Given Today.

An audience that filled every seat in the Grand saw the first presentation of the war pictures showing actual scenes during the Great World War Monday evening. The second show also had a large attendance. It was the consensus of opinion that the pictures are the best ever seen depicting the war.

That this is so is because they are not play pictures portrayed by paid actors and make believe soldiers but are pictures of our boys over in France. The pictures show the assembling of the men in the various camps and the routine of training. Then embarkation for overseas. The landing in France and England.

Then are shown the various advances of the men until they reached the trenches. Scenes of actual fighting in some of the most famous battles in which the American troops engaged are shown. Among them the battle of the Argonne and Chateau Thierry and others. There also is shown battles in the air. Planes falling in flames, observation balloons shot down and others equally thrilling.

These pictures are given under the auspices of Harrison Dickson Post No. 593 Veterans of Foreign Wars and the proceeds will be used for helping disabled soldiers and other relief work.

The pictures did not arrive in time for the afternoon shows Friday, but this reason and in order that all may have an opportunity to see them two shows will be given this afternoon from 2 to 4 o'clock. Two will be at 7 and 9 o'clock. Every citizen should see these pictures not only because they are worth while but also to help a worthy cause.

MAY PLACE CEMETERIES UNDER COMMISSION

City Attorney Asked By Council to Draw Ordinance for This Act — Protection of Street Pavements Again Theme.

The regular weekly session of the city council was held Monday night. No business of outstanding importance was transacted, although a number of business matters relating to the city were given consideration. Mayor Crabtree, City Clerk Scott, Aldermen McGinnis, Flynn, Lonergan, Ehnie, Chapin, Cain and Rowe were present.

Reports were read from the Hartford Boiler Co., indicating that the city's boilers are in satisfactory condition. A communication was read from J. J. Kelly on behalf of City Treasurer H. K. Chenoweth, stating that at the suggestion of the council proper public notice would be given with reference to certain bonds and interest thereon thus stopped. The list includes: North Church street pavement, \$227.70; West Court street pavement, \$100; North West street sewer, \$65; Prairie and Edgmon street sewer, \$200; East and West College street sewer, \$130; West North street pavement, \$500.

Possibly the most important action taken was the approval of a motion asking the city attorney to draw an ordinance providing for the establishment of a cemetery commission. This motion was made by Alderman Rowe with a second by Alderman Chapin and carried unanimously.

Mr. Adams of West Chambers street appeared before the council to make complaint with reference to unsatisfactory drainage conditions near his property. Alderman McGinnis again called attention to weeds growing in Sherman street and as a result of the discussion which followed several additional men will be put to work for a few days in cutting weeds in various parts of the city.

Alderman Ehnie made a report indicating that needed repairs on the house at Jacksonville cemetery could be made for possibly \$480. Alderman Rowe suggested that if the improvements could possibly be deferred until next spring this action would be wise. He said further that the cemetery committee had sometimes considered the approval of moving the house and all buildings away from the cemetery and plotting the ground thus occupied. In that event the sexton's house would be located outside the cemetery. This whole matter was referred to the cemetery committee, which includes Aldermen Ehnie, Rowe and Chapin.

Alderman Lonergan for a special committee reported that the committees had interviewed various coal dealers, all of whom expressed willingness to co-operate in an effort to keep heavy hauling off the tarvia and asphalt pavements.

A communication from the city attorney to Mayor Crabtree with reference to restriction of traffic was received and placed on file. The council adjourned after an informal discussion of some other subjects.

Heavy Hauling. September, 15, 1921. Hon. E. E. Crabtree, Mayor, City of Jacksonville, Jacksonville, Ill.

Dear Sir:—Referring to your letter of September 13 concerning heavy hauling over asphalt and tarvia streets, I beg to advise you that I am of the opinion that under paragraph 9 of article 5 of chapter 24 of the Revised Statutes of Illinois, the city has power to regulate within reasonable limits the character of traffic over certain streets to be designated by the City Council.

Such an ordinance could exclude all hauling except such as might be necessary from the nearest cross streets for the purpose of ingress to or egress from property abutting on the streets, or it might merely prevent the hauling of loads in excess of a certain weight or vehicles with certain kinds of tires, etc. In addition to the statute, I refer to the case of Malleable Iron Co. vs. Commissioners, 263 Ill. 446.

Yours truly,
WALTER BELLATTI,
City Attorney.

MATRIMONY

Masters-Cundell.

Mrs. Callie Cundell and F. M. Masters were united in marriage at the bride's home on East College avenue Sunday afternoon. Rev. G. T. Wetzel officiated at the ceremony at which only a few intimate friends and relatives were present.

Mr. Masters is well known as a Morgan county farmer and the couple will live on his farm near Lynnvile.

McDowell-Hall.

Miss Martha A. Hall became the bride of Roy McDowell of Virginia, Ill., in a pretty home ceremony held at the home of the bride's parents, Mr. and Mrs. John W. Hall of North Diamond street, Sunday evening at 7 o'clock. Rev. A. P. Howells of the First Baptist church officiating. The beautiful ring service was used and the ceremony was witnessed by only the immediate relatives and friends of the young people. The bride and groom were unattended.

The bride was becomingly attired in blue canton crepe and carried a shower bouquet of bride's roses.

Just preceding the ceremony Miss Jeannette Frommel at the piano played Love's Melody by Englemann.

Mrs. McDowell has always made her home in Jacksonville, graduating from the high school with the class of 1917. Until recently she has held a position as bookkeeper in the Ayers National bank. She is a young lady of charming personality and is highly regarded by all who know her.

Mr. McDowell has been a resident of Virginia all his life. He is a veteran of the World war, having served several months overseas.

Immediately after the ceremony refreshments were served. In the cutting of the bride's cake John W. Hall won the ring; Miss Genevieve Vasey the dime and Mrs. Geo. McDowell the penny. Pink and white were the predominating colors in the decorations used in the dining room and the other rooms of the house were appropriately decorated.

Mr. and Mrs. McDowell left on the 9:15 Wabash train for Springfield for a brief wedding trip.

The many beautiful gifts evidenced the esteem in which these young people are held.

CLASS OFFICERS ELECTED MONDAY

Various Classes of High School Choose Leaders for Coming School Year—Crimson J. Staff Also Selected.

The election of class officers and the Crimson J staff occurred at the high school yesterday and the election was carried out in the most approved style. Each class had separate voting booths and clerks crossed out the names after each voter had cast his ballot. Judges were present and everything was in the regular order of a civic election.

Here are the results of the balloting.

Senior class—President, Paul Bolman; vice president, Reginald Reid; secretary, Virginia Cummings; and treasurer, Elizabeth Johnson. 84 per cent of the class voted.

Junior class—President, George Wetzel; vice president, Caroling Doane; secretary, LaVina Scott; and treasurer, Marion Parker. 70 per cent of the class voted.

Sophomore class—President, Margaret Curtis; vice president, Margery Curtis; secretary, Earl Tilton; and treasurer, George Houston. 65 per cent of the class voted.

Freshman class—President, John Bolman; vice president, Helen Dial; secretary, Joyce Lander; and treasurer, Eudora Milbourne. 68 per cent of the class voted.

Crimson J staff—Editor-in-chief, Dorothy Randle; business manager, Vernon Schofield. 84 per cent of the senior class voted.

COUNTY COURT IN SESSION MONDAY

In the county court yesterday Alex White, whose home is in Virden, was found guilty of transporting liquor contrary to law. Judge Samuel, who heard the argument in the case, fined White \$100 and costs. State's Attorney Robinson prosecuted and the defendant was represented by W. N. Hargrove. He was arrested some months ago at Waverly, where a car he owned was found containing a number of bottles of white corn whiskey. White, who owns a soft drink establishment in Virden, admitted that the car was his but maintained that he did not place the liquor in it.

James A. Nunn was before the court charged with assault with a deadly weapon. He entered a plea of guilty and was fined \$50 and costs.

In the suit of the Jacksonville Railway & Light Co. vs. Charles DeSilva, a default order was taken and judgment for \$220 entered.

PAINFUL ACCIDENT

Kenneth Rawlings, son of Mr. and Mrs. Bert Rawlings, of Durban, and a student at the High school, went home to spend Saturday and Sunday but now wishes he had remained in town. He was riding a frisky horse when the animal threw him breaking his left arm just above the wrist. He pluckily returned to school yesterday but he will have his arm in a sling a long time.

LEAVES FOR HARVARD

PROWLER KEEPS POLICE BUSY

Are Kept On Go as Marauder Enters Many Residences—Choked Miss Olive Blunt.

The night police force was kept busy early Monday morning trying to keep up with the mysterious prowler who has been entering residences in various parts of the city recently.

The first call came from the residence of Dr. J. W. Sperry about 1:15 o'clock Monday morning. The Sperry residence is being painted and the prowler secured one of the painter's ladders and climbed to the second story window of the room occupied by Dr. Sperry. He was awakened by the man trying to raise the screen and asked him what he was trying to do. The prowler hastily descended the ladder and disappeared.

Dr. Sperry notified the police and told them the prowler was a negro. While the officers were there they received word from the police station that some one had entered the residence of Miss Lucy Barr, 307 West State street. A hurried run was made there but the man was gone. It is thought also that he tried to gain entrance to the residence of Mrs. U. G. Woodman but did not succeed.

Prowler Works Fast.

While the officers were on the chase they received information from the police station that a prowler had entered the residence of Miss Olive Blunt, 507 South Prairie street. The officers rushed to that place and found that the intruder had severely choked Miss Blunt breaking the skin on her neck.

Then the station again informed the officers that they were wanted at the residence of Mrs. Hatfield, 823 South Diamond street. Mrs. Hatfield had heard a noise in the house and turned the light in her bedroom and left it burning. The prowler peeped around the corner of the door into her room but hurriedly made his escape when she gave an alarm.

From that place the officers went to the residence of Miss Ida Long, where the prowler also had gained entrance but had gotten away. The police patroled the neighborhood until daylight but received no further calls and were unable to discover any trace of the mysterious prowler.

Monday morning George D. Kilian reported that some one had entered his cellar thru the basement window but had knocked down a lot of coal and aroused him but before he could get to the basement the unknown escaped. The police are of the opinion that prowler is the same person who choked Mrs. Fairchild some days ago and that he is demented. In each case where the invader was seen he was described as a negro.

Some time Saturday night or early Sunday morning a burglar entered the residence of J. G. Reynolds, 1325 West College avenue. Mr. Reynolds was relieved of a diamond stud and a gold watch. It is also reported that burglars entered the residence of H. K. Chenoweth but the Journal was unable to verify this report or learn whether or not anything was taken.

HOLDS ANNUAL HOMECOMING

The Central Christian church celebrated its fifth annual homecoming event last Sunday. A dinner at noon, an afternoon service and a special Christian Home sermon service in the evening marked the event. The central portion of the church was occupied by the couples and their children who were married by Mr. Pontius during the last seven years.

The services were very well attended and three hundred members were present at the dinner. Several other ministers helped with the occasion. Rev. L. R. Cronkwhite presided. Rev. Alva Browning assisted and Rev. A. P. Howells of the First Baptist church delivered the address.

SILLO FILLING DELAYED

The frequent rains of the past ten days have interfered largely with sillo filling. In a number of instances where a sillo filling crew has nearly finished its work the coming of rain has meant an annoying postponement. In one instance the workers were compelled because of rain to assemble three times for a sillo job which under favorable circumstances would have been finished in a day.

MUSIC STUDENTS

Students of Music who wish to study with instructors at Illinois College Conservatory should register at office of Director Kitch, Academy Hall, today.

LEAVING FOR SCHOOL

Miss Lynette Brown, daughter of Mr. and Mrs. Lloyd W. Brown, will leave today for Nashville to re-enter Ward Belmont school. Mr. Brown will accompany his daughter.

The College of Music offers unusual opportunities in class instruction for beginners in Piano and Violin at a nominal fee. Those who are interested would do well to call Director Pearson at the Illinois Woman's College.

Envy your friend's sound sleep won't get you the sleep you need. Watch what he drinks and ask him the reason why

You can't help noticing the man who comes down to the office in the morning with ruddy cheeks and clear sparkling eyes—full of energy, and eager for the tasks of the day.

He is physically "fit"—and can do twice the amount of work the average person can do, without becoming fatigued.

If you go out to lunch with this man you'll notice that probably he avoids coffee, though he may drink Postum—the well-known and delicious beverage, coffee-like in flavor.

This is the secret of his superb health. He isn't putting the drugs from coffee or tea into his system three times every day. As a consequence he sleeps like

a healthy baby all night. His sleep refreshes and rests him. He has perfect control of his nerves.

Do not delay another day in starting back on the road to robust health. The rich, coffee-like flavor of Postum will surprise and please you.

Order Postum from your Grocer today. Drink this hot, refreshing beverage in place of tea or coffee for ten days and see what a wonderful difference it will make in the way you feel.

Postum comes in two forms: Instant Postum (in tins) made instantly in the cup by the addition of boiling water. Postum Cereal (in packages of larger bulk, for those who prefer to make the drink while the meal is being prepared) made by boiling for 20 minutes.

24½ Million Dollars Invested by Employees of Swift & Company

More than 21,000 employees of Swift & Company own or are paying for shares in the business. These men and women have attested their faith in the integrity and good will of the company by investing their savings in the business.

Their holdings represent a total of nearly 250,000 shares, the par value (\$100 a share) of which is more than \$24,500,000.

These 21,000 represent more than one-third of our average number of employees!

One man out of every three, in plant, office, and branch house, from the handworker on the floor to the brain worker at the desk; working *with* us as well as *for* us, devoting himself to his own business while devoting himself to ours; promoting his own interests in every motion or moment saved, in every product improved or maintained at perfection, in every service rendered through prompt, thorough, effective distribution of products.

This interested, eager group of fellow partners working with us for the good of Swift & Company and the public which we serve, constitutes one-half of the ownership of Swift & Company in point of numbers, and nearly one-sixth in point of shares outstanding.

It represents practical and successful progress toward the end at which enlightened modern industry is aiming for the solution of industrial problems—toward cooperation, mutuality, brotherhood in business, for the good of all.

IMMIGRATION BUREAU PLANS INNOVATION

Will Transfer Part of Machinery of Bureau of Immigration to Foreign Ports—Would Maintain Agents at Principal Ports.

WASHINGTON—The transfer to foreign ports of a part of the machinery of the Bureau of Immigration, as proposed in a resolution by Chairman Johnson of the House Immigration Committee, will obviate turning back hundreds of immigrants arriving at ports who have sold their homes to come to America. Secretary Davis said in a statement made public today.

The measure proposes to maintain two agents at each of the principal ports abroad, one a member of the Public Health Service and one of the Immigration Bureau. The selection of immigrants would operate thru the visa system, which requires the immigrants to procure from his government a passport which must be vided by an American consular officer before he can embark from the United States. This visa, it is proposed, would be granted only after inspection by the immigrant and health inspectors.

Case of Pathetic Nature. At present, the Secretary of Labor said, the immigrant has no assurance that he will be permitted to land in this country. Many cases of a pathetic nature are appealed to the Secretary daily.

Recently a child of two years ordered deported in custody of his mother on account of ringworm of the scalp. The family had saved for years, looking forward to life in the United States, and had sold all they had at a sacrifice intending to become citizens.

"The family thus separated," Secretary Davis said, "must cease to be a happy family, must go back to Poland, whence they came, to misery and want, for they had used their money from the sale of their possessions in coming to this country."

Other cases, the secretary said, would be humorous if they were not so pathetic.

"A certain Hebrew merchant" he said, "sent his brother passage money and offered him \$20 a week in his store, the passage money to be returned a little at a time. Upon arrival, the immigrant testified that his brother had sent him money and promised him a job. Technically this was a violation of the contract, labor law, and the brother denied that he had advanced the money and offered the immigrant a job. Whereupon the immigrant brother became indignant and declared in effect that he had been 'double crossed' little knowing that he was signing his warrant for deportation."

The illiteracy test in many cases works a hardship, the Secretary said, but maintenance of agents abroad can prevent much suffering due to ignorance of the law. "To carry out the provisions of the proposed measure," Secretary Davis said, "it will be necessary for congress to appropriate funds. Perhaps it will cost a little more than the present hit-or-miss method."

"In the interest of humanity congress ought not to quibble at the slightly larger appropriation necessary—if it is necessary."

AUGUST WEATHER SETS NEW RECORDS

Springfield, Ill.—By The A. P.—August weather set new records for Chicago and Peoria, completing 12 consecutive months in which the temperature was above normal. Here is some more Illinois weather data for the past month from Clarence J. Root, meteorologist in charge of the U. S. weather bureau here:

Rainfall was heavier in August of 1885, 1907 and 1915, and the number of rainy days was greater in 1915 only. All August precipitation records were exceeded at Bloomington, Joliet, Palestine, Paw Paw and Walnut, and at many other stations there was but one wetter August.

The month was as near normal as a month can be with respect to temperature. At no time was the departure from normal greater than ten degrees. Bloomington and Carbondale experienced the heaviest rains of the month, both stations recording an excess of more than seven inches.

MEMORIAL DAY TO BE OBSERVED IN CHINA

Americans Will Make Annual Pilgrimage to Grave of General Frederick Ward.

SHANGHAI—(By A. P.)—As a part of future observances of Memorial Day by Americans in China, annual pilgrimages are to be made to the grave of Gen. Frederick Ward, the American who while the Civil war was being fought in America conceived and put into execution the plans which suppressed the great Taiping rebellion.

The custom was instituted this year by the Shanghai branch of the American Legion, the General Frederick Ward post.

It was when the Taiping rebellion, in which it is estimated 20,000,000 persons were killed, was at its height that Li Hung Chang, foremost Chinese of that day, recruited the services of Frederick Ward, then a youthful American whose exploits as first officer on a Chinese gunboat had brought him into notice. He was a native of Salem, Mass.

Under a commission of the Chinese government Ward organized what afterwards came to be called by the Chinese the "Ever Victorious Army." City after city was taken from the Taipings by this army, which grew from a ragged nondescript force of a hundred to 10,000.

On the morning of Sept. 20, 1862, when General Ward was directing an attack on the town of Tsz Ki, he was mortally wounded. His troops captured the town but their leader passed away that night. He is buried in Sungkiang.

The respect and the confidence that the Chinese had felt for General Ward in life they demonstrated by the honors they paid him after his death and by the monument they erected to his memory at Sungkiang. Here in the ornate language of old Cathay they have thus immortalized him: "A wonderful hero from beyond the seas."

The fame of whose deserving loyalty shone to the world. Has poured out his azure blood upon the soil of China.

A happy seat among the clouds and temples lasting for a thousand springs. Commemorate his faithful heart."

Fall Overcoats and the Warm Weather

—Don't be led into procrastination.
—Don't be lulled into a belief that these exceptionally warm days mean that an overcoat will not feel mighty good before many days have rolled around.
—Remember, when you do need that coat you will need it quick.
—Don't forget that you have in mind having a new one made this fall; that you have been promising yourself a new overcoat for the past two seasons; that you were just waiting for them to be a little lower in price.
—And don't forget that it takes a few days in which to turn out a good job, and that there will be others in the same fix as yourself.
—The new imported and domestic weaves are here now, more beautiful than ever, and we are ready to begin on your overcoat or suit.

INDEES TAKE FAST GAME FROM GIANTS

Defeat Springfield Team by Score 2 to 1 in Pitchers Battle—The Game Marked by Sensational Fielding.

In one of the best played games of the season the Indees defeated the Springfield Union Giants at South Side park Sunday afternoon by a score of 2 to 1. The Indees scored the winning run in the ninth on an error. Clark's sacrifice and Burkey's infield single.

The game was a pitcher's battle between Seymour and Petross with both teams backing up the pitchers in fine style. Seymour yielded five hits, struck out nine men

and did not issue a pass. Petross who uses an underhand delivery proved the hardest proposition the Indees have tackled this year. He allowed but three singles and struck out four men. However, he walked two men and one of the walks was turned into a run. Brilliant fielding marked the contest. Burkey made a wonderful stop of Petross' grounder in the seventh and retired his man at first. In the fifth Dickason grabbed Murrell's hit to deep short after Burkey had made a desperate effort to get the ball third out. Devlin made a fine stop of Sunday's hard hit in the sixth while Wheeler and sixteen and retired the runner for the of the Indees putouts at first. Clark gave Seymour good support behind the bat.

For the Giants, Wright and

L. Jones did good work as did Woodson at first, the latter's error paved the way for the Indees winning run. Anderson made a great one hand catch of a foul fly off of Seymour's bat in the seventh. Petross fielded his position in good style and Taylor gave him good support back of the bat.

How the Runs Were Made

Both teams got a man as far as second in the first but were unable to get him around. In the second inning, first up, singled Taylor to Wright. DeFrates walked and took third on Christopher's double which Sunday just barely reached with one hand. Devlin went out Petross to Woodson, but DeFrates beat the relay to the plate.

The Giants tied in their half of the third. Wright was out at first. Wheeler and Taylor struckout. Murrell was safe when his grounder got thru Dickason and took second on a passed ball. He scored on Jones' single to right field. Sunday poked another safety between Devlin and Wheeler and Jones went to second. G. Jones ended the inning by striking out.

The teams then battled on even terms until the ninth, neither being able to hit when men were on bases. In the ninth Wheeler hit to Wright who fumbled momentarily. He recovered the ball and got it to first in time to retire Wheeler but Woodson muffed the throw and he was safe. Clark bunted down the third base line and Wheeler went clear to third while he was being retired. Burkey took a swing at the first one and fouled it. He then crossed the Giants by laying the ball down the third base line and Wheeler scored. Petross saw he could not get either man and scooped the ball into foul territory but Umpire Ely said, Nay, and the game was over.

NEW YORK DEFEATED BY PITTSBURGH

Pitcher Adams Helped Win His Own Game by Tripling in the Sixth Scoring on Bigbee's Sacrifice Fly—Giants Only Score Came in the First.

PITTSBURGH, Sept. 19.—New York dropped its last game of the season here today by a score of 2 to 1, the game ending with a putout at the plate. Adams won his own game by tripling to left center in the sixth inning, scoring on Bigbee's sacrifice fly. The Pirates won the game in the seventh inning with the help of a misplay by Douglas. Cutshaw led off with a double to left center, reached third on Barnhardt's sacrifice and scored when Douglas fielded Grimm's roller and threw wild to the plate.

New York scored its run in the first inning on Frisch's single. Cutshaw's error and a single by Young.

Record Time at Columbus Meeting

First Day's Racing Produces Two New Records—Suavity Two Year Old Trot in 2:08 1/2; Johnny Quirk Paces Heat in 2:06 Pace in 2:04 1/2.

Columbus, O., Sept. 19.—Grand Circuit horses who engaged in plenty of record-breaking at Syracuse last week, were at it again today when one season's mark was made for a two year old and a new mark for all time was produced in the 2:06 pace, the King Stake, purse \$3,000. Suavity, a bay filly by Etawah, won the two year old trot the Horse Review Futurity trotting both heats in 2:08 1/2. This is the fastest mile of the year by a two year old.

The King stake had but three entries. Johnny Quirk made the mile in 2:04 1/2 and broke the record for this event, established ten years ago at 2:04 1/2 by Independence Boy.

Peter Daw won the 2:11 trot, losing the first heat to Linara Watts. The 2:18 pace was won by Ora Main from Tony Mac, the favorite. Tuesday's big program will be featured by the \$10,000 M & M 2:14 trot.

WILLIAM T. TILDEN AGAIN CHAMPION

PHILADELPHIA, Sept. 19.—William T. Tilden II, of this city is again National Tennis champion. He won the 1921 title by defeating Wallace F. Johnston also of this city 6-1, 6-3, 6-1, in the final round of the 40th annual championship singles tournament of the United States association in which is said to be the record time of 43 minutes.

Tilden rose to superior heights in his play this afternoon. The speed and accuracy of both his service and return strokes so dazzled and smothered Johnston that the latter was placed in such a defensive position that he never for a moment appeared to have even a fighting chance. As a result of his victory Tilden's name will again be inscribed upon the championship trophy which he won for the first time last season. He now has two legs up on the cup, placing him on the level with Maurice E. McLaughlin who won in 1912 and 1913; R. Norris Williams, winner in 1914 and 1916 and William M. Johnston, holder in 1915 and 1919.

NEW YORK DEFEATED—RUTH HAS POOR DAY

NEW YORK.—A terrific battling rally in the eighth inning netting eight runs, enabled Detroit to come from behind today and defeat New York in the second game of the series by a score of 10 to 6. Detroit hit New York's three leading pitchers, Mays, Shawkey and Hoyt for seven hits in the eighth inning. Mays was taken out after he forced in a run. A muff at the plate by Schang let in the next two and Detroit drove in five more off Shawkey and Hoyt on bunched hitting. Ruth had one of his poorest batting days of the season failing to hit in five times up.

Score:

Detroit	000 000 082—10 18 2
New York	112 000 011 6 14 4

Oldham, Ehmke, Dauss and Wodall; Mays, Shawkey, Hoyt, Quinn and Schang.

FRANCIS OUIMET MAKES NEW RECORD

ST. LOUIS, Mo., Sept. 19.—Francis Ouimet, of Boston, former national open and amateur champion today was the medalist in the 36-hole qualification round of the National Amateur Golf championship, playing the 6,531 yard course of the St. Louis Country Club twice with 144 strokes and setting a new record for the links with a 69 on the first round. His golf was splendid all the way as he had made only two or three errors during the double round. R. E. Knepper of Sioux City, Iowa, champion and runner-up to Chick Evans in the western championship was second with a score of 77-70-147, while Bobby Jones of Atlanta and Jesse Gilford of Boston tied for third place with scores of 151.

Robert Gardner of Chicago, twice a champion shared the next best score 152 with E. Hoover Bankard of Chicago, Reginald D. Lewis of Greenwich, Conn., and H. W. Johnston of St. Paul.

BELGIAN BALLOON MAKES SAFE LANDING

London, Sept. 19.—The Belgian entrant in the James Gordon Bennett international balloon race, the Belgica, which started from Brussels Sunday afternoon commanded by Lieutenant Demuyssere landed safely today at a Powerstock, near Bridgeport, Dorsetshire. It was the Belgica which carried aloft a Belgian soldier who became entangled in the ropes and was drawn into the basket.

ARMY TEAMS WINS FIRST POLO MATCH

Philadelphia, Sept. 19.—The army first team defeated the Philadelphia Country club ten goals to five today in the first match of the open polo championship of the United States.

WILLIAM'S HOME RUN WINS FOR ST. LOUIS

Philadelphia, Sept. 19.—William's home run in the ninth inning with two men on base gave St. Louis a 7-4 victory over Philadelphia today in the first game of their final series. Until the ninth Freeman, the Kalamazoo Normal recruit held the Browns to three scattered hits.

ONE BRAND-ONE QUALITY-One Size Package

All our skill, facilities, and lifelong knowledge of the finest tobaccos are concentrated on this one cigarette—CAMEL.

Into this ONE BRAND, we put the utmost quality. Nothing is too good for Camels. They are as good as it's possible to make a cigarette.

Camel QUALITY is always maintained at the same high, exclusive standard. You can always depend on the same mellow-mild refreshing smoothness—the taste and rich flavor of choicest tobaccos—and entire freedom from cigaretty aftertaste.

And remember this! Camels come in one size package only—20 cigarettes—just the right size to make the greatest saving in production and packing. This saving goes straight into Camel Quality. That's one reason why you can get Camel Quality at so moderate a price.

Here's another. We put no useless frills on the Camel package. No "extra wrappers!" Nothing just for show!

Such things do not improve the smoke any more than premiums or coupons. And their added cost must go onto the price or come out of the quality.

One thing, and only one, is responsible for Camels great and growing popularity—that is CAMEL QUALITY.

RECORD BREAKING GRAIN TRAFFIC

"The railroads have made a wonderful record during the past few weeks in the handling of the grain movement, which has exceeded in volume that for the corresponding period of any previous year," says the Railway Age in an editorial in its current issue. "For the eight weeks ending Aug. 27 the loading of grain and grain products was 469,839 cars, as

compared with 302,623 in the corresponding period of 1920 and 381,736 in 1919, and from Jan. 1 to Aug. 27 this year 1,486,954 cars were loaded with grain and grain products, as compared with 1,195,485 in the corresponding period of 1920, and 1,424,416 in 1919.

"The fact that this heavy early movement has been handled practically without complaint of car shortage is due not only to the lessened demand for box cars for other kinds of traffic this year,

but more particularly to the careful plans made to avoid a car shortage which it was feared might develop because so large a percentage of the cars are in bad order. On Aug. 15 there were 16.6 per cent of all the freight cars in bad order and 18.2 per cent of the box cars. The plan of campaign was to exert unusual efforts to confine the cars that were fit for grain in the grain traffic and to keep them from being diverted to other traffic, which might necessitate re-coopering, if not more extensive repairs, before they could be used again for grain. Officials and inspectors both of the car service division of the American Railway Association and of the Service Bureau of the Interstate Commerce Commission have been stationed at the principal centers of grain traffic, and by persistent efforts to bring about an adherence to car service rules have managed to accomplish practically a shuttle service between the grain fields and the elevators, which has enabled the record breaking traffic to be moved with unusual expedition.

"In addition to the fact that the crop in the southwest ripened this year a little earlier than usual, it is understood that the grain producers have been hurrying their shipments to market in order to realize the cash as early as possible. Secretary Hoover of the Department of Commerce is quoted as saying that the unprecedented exports of wheat during August should react favorably on agricultural and business conditions throughout the country, and should particularly ease the credit situation in the grain territory. The movement so early of so large a portion of the year's crop should also relieve to a very considerable extent the strain which is usually felt by the railroads during the fall months. On Aug. 31 they still had a surplus of 68,938 serviceable grain cars and in eight months of this year the roads have moved 81 per cent of the amount of grain they moved in twelve months of 1920."

LOCAL COUPLE MARRIED IN SPRINGFIELD SATURDAY

Local friends have received word of the marriage of Miss Nellie Marion to Mr. William Vieira, which took place Saturday morning at Springfield. Both of the contracting parties are residents of Jacksonville. After a short wedding trip they expect to return to Jacksonville where they will make their home. Although the bride has not always made her home in this city she has made a number of friends during her residence here. The groom is employed at J. Capps & Sons mill.

SCIENTISTS WILL INVESTIGATE MOUNDS

Cahokia Mounds East of St. Louis Will Be Investigated to See Whether or Not They Are Natural or Were Built by Indians

Springfield, Ill.—(By The Associated Press.)—Whether the 64 Cahokia mounds, three miles east of East St. Louis, were made by Indians living their dead on the plains tier on tier and then carrying dirt in baskets to cover their bodies and earthly possessions, or whether the Indians dug into natural hills to bury their dead, is the long mooted scientific problem which Professor Warren K. Moorehead hopes to solve within the next two months.

Prof. Moorehead, head of the department of Archaeology at Phillips Academy, Andover, Mass., and internationally known for his scientific research work in Indian history, has been appointed to explore the mounds by Dr. A. R. Crook, chief of the Illinois state museum division.

The progress of his examination will be followed by museums and universities all over America. Among the institutions which have signified interest in the work are the Smithsonian, Committee of Archeological Surveys of the National Research Council, Peabody Museum, Field Museum, Museum of the American Indian, Carnegie Institution of Washington, University of Pennsylvania museum, Davenport Academy of Sciences and the University of Illinois.

Found In 1800. The Cahokia mounds were found by the first white settlers in Illinois sometime before the year 1800 according to Dr. Crook. The largest, known as Monk's Mound, is ninety feet high and 700 feet by 1,000 feet in breadth. It is regarded as the largest prehistoric earthwork in America. Models of it are on display in several American museums. For years, Monk's Mound has been visited and studied by various scientists, who described it as an artificial mound built by "mound builders."

The several owners of the Cahokia properties would never allow any one to dig into the chief mounds, as they did not want them destroyed. In 1885, William McAdams, of the U. S. Department of ethnology, collected a few arrow points, spades, tomahawks and fragments of pottery on the surface, and this material is now on exhibit in the state museum.

Dr. Crook recently was given permission by the owners to make cross-section explorations of the mounds, and an appointment of Prof. Moorehead to make studies from the archaeological standpoint immediately followed. This will give the state museum first lien on any trophies unearthed, and the state of Illinois will share any glory resulting from scientific discoveries.

Dr. Crook has already examined the mounds from a geological standpoint. He found the same elevations in each mound similar as well as a similarity in the same elevations in the bluffs of the bottom lands of that section. With this information at hand, he claims the mounds are natural hills, which have withstood the elements longer than the surrounding country because they were composed of tougher elements. He is sure the hills were used as a burial place by the Indians. Prof. Moorehead claims the mounds are "man made."

Establish State Park. Dr. Crook believes that if the mounds prove to be Indian burial places, the state will buy the land for a state park. A bill was introduced before the legislature in 1913 providing money for the preservation of the Cahokia Mounds. It was defeated because no one knew what was in the mounds. Those who opposed the bills feared that the state might be buying "nothing but hills."

Originally there were 68 mounds in the Cahokia group. Four were destroyed by companies who dug into them for gravel. Prof. Moorehead has found widespread interest in Illinois and Missouri over the safeguarding of those that remain. He claims they are in immediate danger of destruction because the land is wanted for commercial purposes.

East St. Louis has grown to within a mile and a half of the mounds. Property values in the Cahokia section have advanced to such an extent due to industrial activity that it is no longer possible it is said, for the owners to keep this land and pay the high taxes and road assessments. Profits can no longer be made on land by farming.

Prof. Moorehead states that it would be necessary to include 400 or 500 acres to take in all the mounds. This ground would now cost from \$300,000 to \$400,000. The owners are willing to sell the property to the state of Illinois, or the national government, at its ordinary real estate market value to be determined by a survey of the value of surrounding properties.

The professor expects the exploration of the mounds to stimulate public interest in the property to such an extent that it would be less difficult to pass a Cahokia park bill at the next session of the Illinois legislature.

Prof. Moorehead spent four years in the investigation of Ohio mounds at his own expense. As a result of his work, the state of Ohio bought Fort Ancient, comprising about four hundred acres, and made a park of it. Dartmouth University conferred an honorary Master of Arts degree upon him. He is a member of the U. S. Board of Indian Commissioners investigating Indian reservations for the department of the interior.

Some of his best known books

are "Stone Ornaments Used By Indians in the United States and Canada," "The Stone Age in North America," "American Indians in the United States, 1830 to 1914," and "Primitive Man in Ohio."

VETERANS' BUREAU IS AID TO EX-SERVICE MEN

Veterans' Difficulties in Securing Government Aid Expected to Be Greatly Minimized By New Department at Washington.

Washington.—Veterans' difficulties in obtaining Government aid are expected to be greatly minimized by the consolidation of all government agencies administering soldier relief under one head—the Veterans' Bureau. That is what Colonel Charles R. Forbes, of Seattle, Director of the Bureau, promises. The day of dual responsibility, of divided authority in the government's dealings with former service men is ended, he says, and troubles of long standing among the veterans will rapidly disappear.

Responsibility for adjusting claims, attending to medical needs and of educating disabled veterans, is definitely fixed under the law creating the Veterans' Bureau. It rests squarely upon the director, rather than between the War Risk Insurance Bureau, the Federal Board for Vocational Training and the Public Health service, the three agencies that formerly administered aid independently.

The problem of providing medical facilities, including hospitals, is regarded as the most difficult of all those coming within the jurisdiction of the Bureau. Plans already are underway for its solution. The Bureau announces that the \$18,000,000,000 appropriation for hospital construction will be supplemented by use of authority given the Director to enter into contracts with State municipal and private hospitals for the immediate accommodation of veterans in need of hospital care. The announcement says that 6,800 new beds will be placed in use for soldier patients by January next year.

Other duties of the Director include inspection of all hospitals having soldier patients, guardianship of 26,630 war risk patients now being cared for in 800 private and 30 government hospitals command of all Public Health service doctors and nurses engaged in soldier rehabilitation work, education of men whose earning capacity was impaired by service and who must be taught new means of support, administration of an insurance business with 651,954 active and 397,890 term policies with a computed value of \$2,980,660,235, and the average \$1,000,000-a-day expenditure by the government in meeting the compensation and insurance claims and which are increasing at the rate of 800 claims a day.

SUCH IS LIFE

"Eighteen years ago I had three ribs broken, fourteen years ago my right leg; eleven years ago I nearly went over with typhoid fever and since then have had awful stomach and liver trouble. Was filled with gas most all the time. I would have colic attacks so bad as to become unconscious. No medicine helped me and doctors advised an operation. One day talking with a stranger he recommended Mayr's Wonderful Remedy, which helped me at once. It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. At all druggists.—Adv.

This Letter Will Tell You How

"I suffered terribly every month, and was always tired and nervous, and I had indigestion, and often could not do a thing. I was this way about two years, and had to stay home with my mother. I tried several medicines, then I found a book of yours, and mamma told me to try the Compound. So I got a bottle of Lydia E. Pinkham's Vegetable Compound, and it certainly worked wonders with me. I have taken six bottles of it, and am still taking it when I feel the need of it. I have already recommended it to a number of working girls, who are taking it. I am working now, and stand up all day and feel fine. I am glad to say that Pinkham's medicine did a lot for me and for my mother, and we only wish we had taken it a long time before."—Rose Schoeff, 4876 Annunciation St., New Orleans, La.

This letter is but one of a great number received every year from women, young and old, and from almost every walk of life. These letters testify to the merit of Lydia E. Pinkham's Vegetable Compound.

Miss Schoeff works for her living, but on account of sickness was obliged to stay at home for two years. During this period she suffered terribly at times. She tried several medicines without finding relief. Finally she tried Lydia E. Pinkham's Vegetable Compound, and in this letter tells what it did for her.

The Vegetable Compound contains no narcotics or harmful drugs, and can be taken in safety by any woman. Your livelihood may depend on your health. So try
